Dear comrade!

Only a little card with the best greetings. I must tell you, that Paul R. has had the peoples in Oslo in his hand for 3 days. I have never seen and heard such enthusiasm. On the last concert, he had more than 2500. and he sang and spoke admirably. We love him all together and we hope, that we will have occasion to hear him again. We never had such an agitator for peace and our ideas.

We will follow him with our warmest wishes and will follow you and the fellows in England with all our sympathy.

I am sorry, that I can not summe out my sentiment in english.

Yours truly

Eugen-Nielsen

The best greetings from Gussi Fjodorovna.
