Secretary: M. Bennett

9th May 1949.

Peter Kerrigan,
National Organiser.

Dear Peter,

I have been asked by the Secretariat to raise direct with you the question of a cut for the Party out of the two Robeson rallies which we are having in Sneffield on May 15th.

The original proposal of the Daily Worker was that this would be cut two ways, 50% to Robeson's Africa Fund and 50% to the Daily Worker. We are of opinion that out of the latter cut that a percentage of it should definitely come to the Party in view of the work involved and the financial needs of the Party.

Would like your opinion on this and if you are agreeable would you take it up with the Daily Worker from an impartial point of view.

All the best,
Yours fraternally,

Mark Bennett
Secretary.

P.S. Herewith a receipt from Riddleys. They have receipted it for £20/3/- which includes two payments of £4 which I had previously made to the £12/3/- I don't know how this will effect balancing your books, but the best thing would be to make out a receipt for £8 and throw it away, and just keep the counterfoil for the books to account for the other £8.
