You might check, discreetly, also I
left some trunks there with books
clothes & papers. You might show
him this ^{part of the} note and make plans to
have him turn them over to you for
storage. I will send you some
funds to take care of it.

I have presumed that you
get the Daily Workers - and follow
fairly closely my activities. I have
been very busy - on many fronts -
Especially, the Negro Peoples
Struggle - The Negro Trade Union
Councils - the Peace Front -
And now we are trying to increase
activity on the cultural front.

5.-

Also tell Harry & worker to have
workers express their Sentiment -
the Unions - Unity Theatre etc.
Also to mobilize Welsh & Scottish
Group. Perhaps to write me to
Welsh Estates (Miss Farlow)
the Scottish, perhaps to special
Burns Commemoration - Contact B.B.C.
Ask Alan Bush to write me for
Music Program - Perhaps a
Introduction to Boris Godunov by
Manuscript (see Marshall again.)
Perhaps China Peace group would
write me. Perhaps invitation to current Festival
All these requests should
be publicized & then sent to State

Department here - also to workers -
to New York Daily Compass (T. Thackeray
is editor) to Daily Peoples World
in San Francisco. - To "Freedom"
here in New York.

Also Gordon Schaffer could
take a dip in Reynolds - & maybe
H. Martin in New Helmsman.

You get out-line. Can send
a committee there could get it moving
fast.

Also have them shatter about
Central Peace Body. Have D'Arhussein
& J. H. C. do some thing in
France - also all over Scandinavia
Italy - etc. Get me. Its very important.

Over here, my Straat Position or how
struggle & especially my uncompro-
mising defense of the Soviet Union
frightens many left forces - who in
the least attempt to broaden - forget
their own base. So the going at
times is not easy. I'm in fine health
& enjoying well - and following the
wonderful developments over there.
They need me here - tho' after
feel - I could be of perhaps greater
service over there. I'd like ^{to} see you &
of others on this point. I do know
(many here don't) of the wild service
I could be in Western Europe.

as before in 1949.

I am sorry, if it seems to Peter I have been out of touch. I thought the many delegations would report in full. They see me all the time - I help put the Warsaw & Sheffield group on the plane.

I hope to write Peter in a day or two. also Glast-Come - & D'Arhusen
But please convey my best to them
all. I shall personally answer the
Peace Communications. I have presumed
again that the Peace committees or my friends
will write once in a while. Also
I'm always travelling.

7.

But from here out - I'll personally
attend to these matters, so that
all can feel close touch. Do
let the Peace groups know this.

And will you write us directly
here at above address.

That will be far more satisfactory.
Take care of yourself and all
the best. Reply as soon as you can.

Best to Valene Dull,

Paul ROBESON.
