To Paul Robeson,
America

Dear Sir Robeson,

On this occasion we take the liberty to apply to you with the following letter.

Our organization took the initiative to erect a progressive "Workers Confederation for culture". The aim of this organization is to bring the workers, as contrasted with other institutions, good and understandable art and recreation by means of culture performances, lectures of various subjects and actual problems.

As understood out of the news-paper, you will give in May of this year, two concerts in the Netherlands. When the possibility is extant for this, should you be willing to give one of both concerts special for our organization, because our confederation is the one and only progressive organization in the culture domain.

In the case you agree to this we know sure than, that it will be able for the workers of Amsterdam to attend such a concert.

With the greatest interest, especially in the name of our members, we wait your reply.

with kindly greetings,
truly yours,

Sja Pijters
Sja Pijters,
chairman.

2. I hesitated before I forwarded the attached intercept made by the Commissioner of Police of the Gold Coast. It is, perhaps, not of great security interest, but it may carry your records of Paul ROBESON's movements a step further.

3. For purposes of registry convenience I am sending this to you separately from my PF/3 of 18.7.49 which asked for a check on correspondence on Florence MANLEY, who was responsible for forwarding this intercept to NKURUMAH.
