Dear Dr. Kamwendo,

**RE: P.07/11/1102 – Enhancing Training and Appropriate Technologies for Mothers and Babies in Africa (ETATMBA)**

I write to inform you that COMREC at its meeting on 29 February 2012 wishes to communicate the following: The most recent submission was in two parts. On the first part, COMREC has now **approved** the training component. However, your final proposal must state that the training ETATMBA proposes to offer will not proceed to clinical officers obtaining a certain qualification. On the second part, the sub-study on gestational diabetes; COMREC advises that you submit a separate proposal for the sub-study on gestational diabetes for review.

Yours Sincerely,

Dr. W. Mandala
