Medical School project to develop web based resources for postgraduates

We would like to invite you all to attend an event to report on the completion of the TQEF project to develop web based resources for the 'Understanding Research and Critical Appraisal in Health Care' module

Monday 25th September, room A-030, Medical School Building, Gibbet Hill

Presentations will start at 11.30

A question and answer session will follow on from this at 12.20

Drop in session

Members of the project team will be in room A-030 from 10.00

Please drop by for one-to-one discussions on the use of the web to support postgraduate students and guided tours of the web resources produced for this project and spin off developments that are now taking shape.

Lunch will be served in the CPD reception area at 12.45

RSVP to Catherine Fenn x50065 or c.a.fenn@warwick.ac.uk (for catering numbers)
