

Seminars from conferences

1. Worlds before and beyond Words
2. Modelling State in Mind and Machine (heapsort) + BCTCS'99
3. Empirical Modelling for Educational Technology (Staff Dev Seminar)
4. Timetabling from an EM perspective
5. Concurrent Engineering (IEE94)
6. Empiricism in Computer-based modelling (BCTCS11)
7. EM and the Foundations of AI (Aizu 1999 - 2 boxes)
8. EM and the Explanation of Behaviour (Aizu 1994)
9. SMS for ISD (Horrocks and statecharts)
10. EM: a new approach for understanding requirements (ICSEA 1998)
11. Radical Empiricism: a Philosophic Attitude for EM?
12. Collaboration and Integration papers (with Soha Maad, IDPT 2000)
13. Computer-mediated communication: a distributed EM perspective

Concurrent Engineering

5. Concurrent Engineering (IEE94)
6. Empiricism in Computer-based modelling (BCTCS11)
8. EM and the Explanation of Behaviour (Aizu 1994)

System / software development

9. SMS for ISD (Horrocks and statecharts)
12. Collaboration and Integration papers (with Soha Maad, IDPT 2000)

Education

1. Worlds before and beyond Words
2. Modelling State in Mind and Machine (heapsort) + BCTCS'99
3. Empirical Modelling for Educational Technology (Staff Dev Seminar)

Human Computing

4. Timetabling from an EM perspective
10. EM: a new approach for understanding requirements (ICSEA 1998)
13. Computer-mediated communication: a distributed EM perspective
