

WFS

WARWICK FORMULA STUDENT

Welcome to the W6 team!

A high level engineering project run by 50 Engineering students who aim to design, manufacture, test and race a single-seater racing car in a prestigious international competition.

Last years team achieved an amazing result of 12th in the UK, thanks in part to **your assistance**. This year we are confident we have the skill and knowledge to reach the **Top 5 teams in the UK**, elevating the profile of Warwick and everyone involved in the project.

To achieve our aims we need your help! We need sponsorship to help fund this technically and financially demanding project that requires a budget in the order of £50,000.

Any support in supporting the team would be appreciated. We are looking for sponsorship in the form of:

- Cash
- Components
- Technical Consulting
- Materials
- Clothing
- Printing
- Other

If you are interested in the development of our formula student team throughout the year, or would like to know more about the project then please visit our website
