

Welcome from the Project Manager

The new team are embarking on an exciting project to design and build the single-seater race car that will become the W7 University of Warwick Formula Student Car for the 2007/08 season. The annual event run by the IMechE will see something different from Warwick this year with a brand new chassis, engine and bodywork. We have phenomenal expectations for this season, and invite you all to follow our progress and success.

Richard Emmett
WFS 2007/08
Project Manager

Many thanks to our existing sponsors for their highly valued contributions along with our support staff, and many more thanks to any that will join us in time.

Thanks, Richard

>>> news in brief

WFS Visit Bruntingthorpe proving ground

The WFS team recently visited Bruntingthorpe track to test-drive last year's W6. We are continuing to enhance driver ability and gain valuable insight from last year's car.

Manufacturer Live 2007

The W6 car was showcased at the Manufacturer Live Exhibition in Coventry as part of the WMG area. We made some good contacts, including meeting LEA's Dan Jones.

Design of W7 Well Underway

We are on target and committed to achieve a full design definition of the W7 by the Christmas break.

Conceptual Design

The exciting concept of the W7 has been realised in SolidWorks. Shown here, rendered in PhotoWorks.

It now includes the bodywork design, and we have our first concrete idea of how the car will look.

We hope you like it as much as we do! We can't wait to see it on the track!

Project Timeline

- Start > October 2007
- Final Design > December 2007
- Build Begins > January 2008
- Build Complete > March 2008
- Testing > from April 2008
- Competition > June 2008

COMING SOON >

- Press day at WMG, University of Warwick
- Visit to local primary school (Media to be invited)

Sponsorship Opportunities

sponsorship@formulastudent.warwick.ac.uk

It's a new year for Formula Student, and we're all looking forward to the exciting and challenging year ahead. We have some big plans for this year, and require your help to make it all happen! So come and Join The Team!

Reputations of both the University of Warwick and our sponsors will be enhanced through exceptional performance in a highly competitive environment. WFS will continue to strive towards developing mutually beneficial relationships with all our partners.

JOIN THE TEAM!

The 2007/08 Season Sponsorship Guide is now available online. Contact us to discuss what we can offer you.
