WMI

East Midlands Stochastic Analysis Seminar
Friday 31 August 2012

Programme
(All talks to be held in Room B3.02)

12:00	**Rama Cont (Paris)**	**Functional Ito calculus and harmonic functionals on path space**
13:00	**Lunch Break**	
14:15	**XueRong Mao (StrathClyde)**	**Stabilisation of continuous-time hybrid stochastic differential equations by discrete-time feedback control**
15:15	**Tea Break in the Mathematics Institute Common Room**	
16:00	**Martin Hairer (Warwick)**	**A theory of modelled distributions**
17:00	**Drinks and Nibbles in the Mathematics Institute Common Room**	
18:30	**Pub Meal All are welcome, please let David Elworthy know if you are interested.**	

London Mathematical Society

THE UNIVERSITY OF WARWICK
