

Biomedical Visualisations and Society

University of Warwick

Radiology | 3D Foetal Ultrasound | Plastination | Virtual Reality

A series of free workshops for early-career researchers
to explore the social and political dimensions
of biomedical visualisation

Keynote speakers:

Kelly Joyce, College of William and Mary, VA, USA.

Maryon McDonald, University of Cambridge, UK.

Lisa M. Mitchell, University of Victoria, Canada.

Rachel Prentice, Cornell University, USA.

Attendance is free and a number of travel bursaries are available
