

Welcome to the Futuretrack survey of people who applied between September 2005 and September 2006 through UCAS for full-time higher education courses. Five years have passed since then. In this questionnaire, we ask about your experiences and views on the opportunities available to you, in education, employment and more widely.

The questionnaire takes, on average, 18 minutes to complete, depending on how many questions apply to you. By filling it in, you become eligible to win one of the ten £1,000 or one hundred £100 cash prizes being awarded to randomly-selected participants as a small incentive for completing this important study.

The information you provide will be treated in confidence and stored securely according to the university's data protection and ethics regulations. No publications will cite findings in a way that enables you, your university, college or employers to be identified, nor will such details be passed to any other individuals or organisations. Our privacy statement can be accessed by clicking [here](#).

Please click on the  arrow below to complete the questionnaire. To return to a previous question, you can use the  arrow at the bottom of each page after this one. If you are interrupted and have to save the survey and return to it later, select  instead of the arrow, and you will be given options. If you get a message saying the webpage has expired, simply click on the browser's refresh button  at the top of the screen and your answers will not be lost.

If you have any questions for the research team, you can email us at:
