

Quick guide to creating possible situations in zoxiy

Add elements

Warning: The name a is not defined in this world.

ADD ELEMENT

Click here to add a new element.

Colour

It isn't possible to change the colour of the blocks. If you want, say, a red block keep adding elements until you find a red one.

Delete element

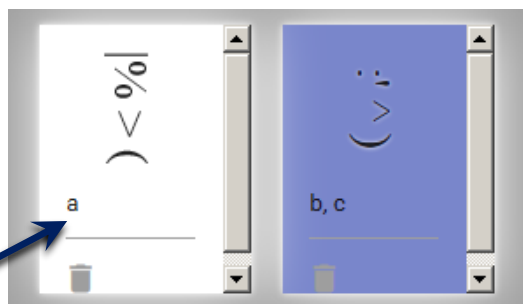

Warning: The name a is not defined in this world.

ADD ELEMENT

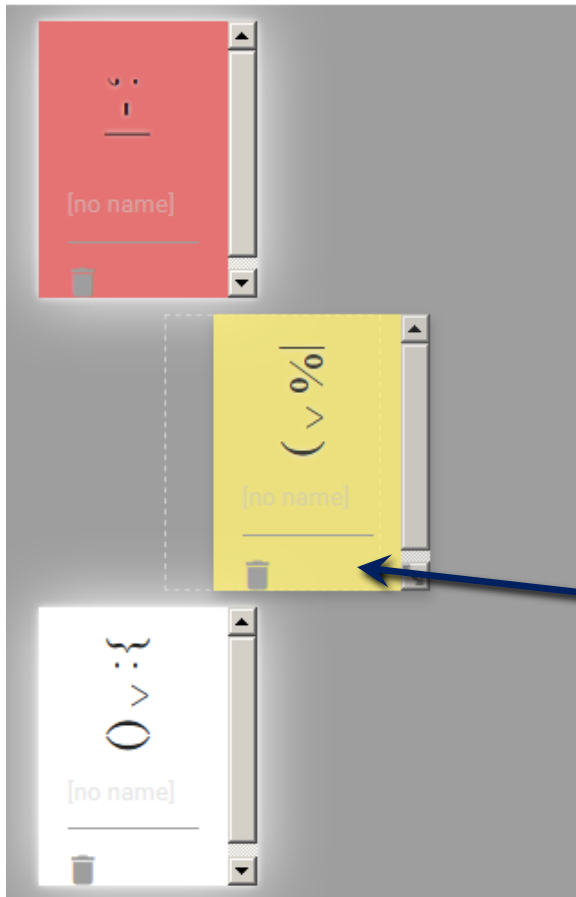

Click here to delete element.

Assign elements to constant (i.e., name the element)

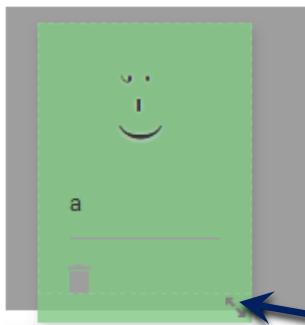

Type the constant here. To assign the block to more than one constant, separate them by commas.

Move an element

Click anywhere beneath the horizontal line and drag.

Change size

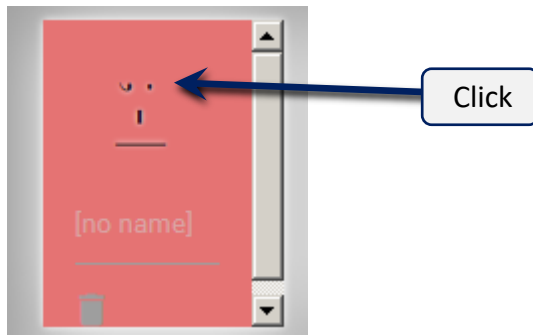

Click on the right bottom corner and drag.

Change mouth shape

Click

Change eyes and their surroundings

* Note that some options don't work on mobile devices.
