

Postgraduate Award in Technology Enhanced Learning

Supporting and developing your practice

Interested in exploring how new technologies can support teaching and learning?

Whatever your area of interest and level of experience this course will give you the opportunity to:

- Design, create and evaluate a real technology enhanced learning project focused around your own interests and professional needs
- Develop an understanding of the principles underpinning effective implementation of technology enhanced learning
- Be part of a community of practice exploring the use of technology in higher education

The course is open to all staff with a role in teaching, development or learning support and offers both accredited and non accredited routes.

Book to attend an information session about the course

Wednesday 9th July 2014, 12pm or Thursday 4th September 2014, 2pm
