

# HEALTH & SAFETY MATTERS

## OCTOBER 2022

### TIPS ON STAYING SAFE AROUND CAMPUS

Stay safe when making your way around Campus:

- Fit lights to your bikes and put the lights on before it gets dark. The days are getting shorter as we head into winter and you need to be seen as you travel around.
- Avoid wearing darker clothing at night. If you can, wear something reflective as you cycle around.
- As a pedestrian, use the pedestrian crossings where you can.
- Look both ways when crossing the road.

### CONTRACTORS CODE OF CONDUCT

Our 'University Contractors Code of Conduct' has recently been updated that sets out the expectations and rules to follow by University Contractors/ Suppliers whilst working at the University. The version control summary outlined on pages 32 and 33. The University Contractors Code of Conduct can be found by following the link; [UOW Contractor Code of Conduct v1.8 final version \(warwick.ac.uk\)](http://www.warwick.ac.uk/contractors-code-of-conduct).

### HEALTH AND SAFETY SERVICES TEAM NEW STARTERS

Welcome to two new members of the Team:

- Lorraine Blackwell: Engineering Health and Safety Officer
- Grace Hill: Occupational Health Advisor

If you see them in your areas, say hello and please make them feel welcome. They are there for advice and help to meet your Health and Safety requirements.

Visit the [contact us page](#) for more details

### HEALTH AND SAFETY TRAINING

It's the start of term - if you are new to the University there are mandatory e-learning courses available to you that you need to self enrol onto:

- Health and Safety Induction
- Fire Safety Training
- Display Screen Equipment (for those who work on computers)

Information regarding other Health and Safety Training available can be found on the [Health and Safety webpages](#)
