

# Installing the Novell iPrint client

## Windows Vista guide

Log on to your Windows Vista workstation and open your web browser. Type the following address into your address bar:  
<http://ascari.csv.warwick.ac.uk/ipp>.

**1** Click on “Install iPrint Client” to begin the software installation.

**2** Click “Run” to start the installation.

**3** Click the “Next” button to continue.

**4** When the installation has completed click on “Finish”.

When the installation has finished you can select the printer you wish to install from the list available printers.
