Audience Feedback

The diagram illustrates a process for audience feedback. It features a blue background with a large title 'Audience Feedback' at the top. Below the title, three callout boxes provide instructions: 'You ask a question' points to a web browser showing a poll titled 'New Multiple Choice Poll' with the question 'What is your favorite animal?' and options 'Lion', 'Turtle', and 'Grandpa'. 'Audience answers using mobile phones, twitter, or web browser' points to a smartphone displaying a text message interface with the number '22333' and the word 'TURTLE'. 'Responses are displayed live in Keynote, PowerPoint, or the web' points to a bar chart showing the results for 'Turtle' and 'Grandpa'.

The screenshot shows the Text Wall website interface. At the top, there's a header with the 'text wall' logo and a navigation bar with links like 'Home', 'About', 'Contact', 'Privacy', 'Terms', 'FAQ', 'Help', 'Feedback', 'Sign Up', and 'Log In'. Below the header, there's a search bar and a 'Search' button. A row of buttons includes 'Show Entries', 'Show Time', 'Show Date', 'Search Text Wall', 'Smaller Text', 'Larger Text', 'Reset', and 'Turn Auto Refresh On'. The main content area displays a list of messages. The first message is 'GR8 PICS. LIKD EM ALL. 4 MY FAV. LOTS PIX & VID. :-)' followed by three more messages: 'I liked no 5 film. Good age vid effects & titles. Clear photos.', 'I liked the third film the most. I liked the music and the transitions.', and 'I enjoyed all the films. You have learnt a great new skill with Windows Movie Maker.'

GR8 PICS. LIKD EM ALL. 4 MY FAV. LOTS PIX & VID. :-)

I liked no 5 film. Good age vid effects & titles. Clear photos.

I liked the third film the most. I liked the music and the transitions.

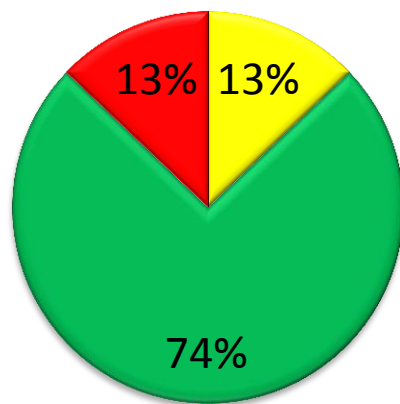

I enjoyed all the films. You have learnt a great new skill with Windows Movie Maker.

Q3: How useful is the Turnitin originality report?

- Most found the originality report useful and reasonably easy to use.
- The need to interpret the results carefully suggests that those that found it confusing and difficult to use (13 % of responders) would benefit from training.

The originality report

■ brilliant, all I need

■ good with careful interpretation

■ confusing and difficult to interpret
